

Title

Can you match them?

Season

Autumn

Time

15 to 20 minutes

Target groups

Elderly
Children from 8 years

Objectives

Knowledge about plants
To gather information from elderly people how plants are / were used in the household.

Resources

Names of plants (like: walnut, elderberry, dog rose, cornel, linden, sloe, nut, chestnut) in a table
Drawings or photos or pressed leaves of the same plants' leaves
Drawings or photos or dried fruits of the same plants' fruit or the things themselves

Description

In small groups (4-6 persons, elderly people and children mixed) they have to match the right name, leaf and fruit of a plant.

After or during the activity invite them to speak about how do / did they use them in their household.
E.g.: marmalade, hair dye, tea, pads, etc...

Please be careful to ensure that the text and pictures are big enough to be visible by elderly people with difficulties of sight.
