Season

Any

Time

15 to 20 minutes

Target groups

Elderly
Children from 8 years

Objectives

Observation skills
Colouring skills
Refreshing memories about songbirds in their garden

Resources

Two sheets of paper or sets of cards:
A) with coloured photos and names of 4-6 kinds of songbirds of similar appearance, on which the colours, the spotting, the beak are well visible
B) line drawing of the same birds in different order to those on the paper if on one sheet.
Coloured pencils or crayon or felt tip pens.

Description

Groups of 4-6 persons (elderly persons and children mixed) are invited to colour the line drawings to match the real colours of the birds. The challenge is that they have to look very carefully at the details to select the correct colours.

They can keep the drawings as gifts from each other
